Visec LPR is designed for High Speed Vehicle License Plate Recognition using live IP video also utilizing the Arecont 3100 and 3130.

Detecting Plates at High Speed Day/Night, Visec LPR provides accurate and searchable video footage, alarms with instant playback and integrates with most Stolen Vehicle Database.

Supports multiple license plate formats.

Visec's LPR system can be fully integrated with any third party software that wants to utilize Visec's License Plate Recognition technology for private application use.
